

MENGFEI LI

Ph.D. Candidate in Management Science · Fudan University

2026-2027 ACADEMIC JOB MARKET · OPERATIONS MANAGEMENT · EXPECTED JUNE 2027

mfli22@m.fudan.edu.cn · [Website](#) · Shanghai, China

EDUCATION

Ph.D. Candidate in Management Science, Fudan University School of Management, Department of Management Science Advisor: Prof. Xiaole Wu	Sep 2022 - Jun 2027 (expected)
Visiting Ph.D. Student, Indiana University Kelley School of Business, Operations & Decision Technologies Host: Prof. Wenchang Zhang	Sep 2024 - Dec 2024
B.S. in Statistics, Fudan University School of Management, Department of Statistics Advisor: Prof. Feiyu Jiang	Sep 2018 - Jun 2022

RESEARCH INTERESTS

AI-based Empirical Operations Management · Causal Machine Learning · Structural Model Estimation · Manufacturing Learning, Efficiency, and Consistency · Supply Chain Resilience

PUBLICATIONS AND MANUSCRIPTS

Published

1. Ji Huang, **Mengfei Li**, Shuai Shao. *Distribution Shift Alignment Helps LLMs Simulate Survey Response Distributions*. Findings of the Association for Computational Linguistics: ACL 2026, 9395-9409. Authors listed alphabetically. [DOI](#)

Forthcoming

1. **Mengfei Li**, Xiaole Wu, Yang Chen, Jinyan Zhu. *Metrics of Supply Chain Resilience: Structural Change-Points and Weighted Cumulative Loss*. Accepted and forthcoming in *Journal of Management Sciences in China*. [SSRN](#) · [DOI](#)

Under Review

1. **Mengfei Li**, Wenchang Zhang, Yue Cheng, Liu Ming, Xiaole Wu. *Experience-Based Learning in SMEs: A Dual Perspective on Manufacturing Efficiency and Consistency*. Under second-round review at *Management Science*. [SSRN](#) · [DOI](#)

Working Papers

1. **Mengfei Li**, Guihua Wang, Wenchang Zhang. *A Structural Forest Estimation of Heterogeneous Newsvendor Models*. Working paper. [Software](#)
2. Ji Huang, **Mengfei Li**, Shuai Shao. *LLMs Simulate Survey Response for Joint Distribution of Multiple Questions*. Working paper. Authors listed alphabetically.
3. Ziyin Bin, **Mengfei Li**, Zibo Liu, Lezhen Wu, Xiaole Wu. *A Counterfactual Analysis of Capacity Decisions in Photovoltaic Enterprises*. Working paper.
4. Zhe Zhang, Handan Shi, **Mengfei Li**. *Little-Treat Consumption: A Qualitative Analysis Using Generative Large Language Models (GLLMs)*. Working paper.

GRANTS AND RESEARCH PROJECTS

Principal Investigator. National Natural Science Foundation of China, Young Student Basic Research Project (Doctoral Students). *Integrating Causal Machine Learning and Structural Model Estimation: Theory and Optimization Applications*. Jan 2025 - Dec 2027.

Participant. National Natural Science Foundation of China, Major Project. *Theoretical Foundations of Supply Chain Resilience and Security*. Jan 2023 - Dec 2027.

Participant. State Grid Shanghai Electric Power Company, Management Consulting Project. *Power Grid Supply Chain Network Resilience and Security Analysis Based on the SPOT Framework*. Feb 2025 - Dec 2026.

Participant. China Energy Research Society, Research Consulting Project. *Four-Tier Structural Model Construction for the Photovoltaic Industry*. Dec 2025 - Dec 2026.

CONFERENCE PRESENTATIONS

A Structural Forest Estimation of Heterogeneous Newsvendor Models

2025 INFORMS International Meeting, Singapore, July 2025.

35th POMS Annual Conference, Atlanta, USA, May 2025.

Experience-Based Learning in SMEs: A Dual Perspective on Manufacturing Efficiency and Consistency

35th POMS Annual Conference, Atlanta, USA, May 2025.

15th POMS-HK International Conference, Hong Kong, China, January 2025.

2024 DSI Annual Conference, Phoenix, USA, November 2024.

2024 INFORMS Annual Meeting, Seattle, USA, October 2024.

16th CSAMSE Conference, Xiamen, China, July 2024.

14th POMS-HK International Conference, Hong Kong, China, January 2024.

Conference Participation

NSFC 408th Shuangqing Forum, Beijing, China, April 2025.

HONORS AND AWARDS

Fudan University Outstanding Student Role Model, Fudan University, 2025 (One of 20 university-wide recipients).

Honorable Mention, 15th POMS-HK International Conference Best Student Paper Award, POMS-HK International Conference, 2025.

Cargill Global Scholar, Cargill, 2019-2021.

Huawei Scholarship / First-Class Outstanding Student Scholarship, Fudan University, 2019-2020.

Zhuobo Scholarship, Fudan University, 2022-2027.

Zheng Zukang Academic Scholarship, Fudan University, 2020-2021.

Outstanding Student, Fudan University, 2018-2019, 2020-2021, 2021-2022.

TEACHING EXPERIENCE

Teaching Assistant, MBA course: Young Cadre Program in Science and Technology Innovation.

Teaching Assistant, undergraduate course: Operations Management.

ACADEMIC SERVICE

Anonymous reviewer, *Journal of Asian Economics*.

ACADEMIC RESOURCES AND SOFTWARE

Participant, National Development and Intelligent Governance Laboratory Basic Research and Visualization Platform, Fudan University.

Participant, China Foreign Merchandise Trade and Supply Chain Volatility Index, Fudan University Global Supply Chain Research Center.

Contributor, Operations Management in the Digital Era (tentative title), edited by Xiaole Wu et al.

Creator and maintainer, R package [SFHNV](#).
